

FEATURES

- Multi-volt 10-30V DC input & low current draw
- Brighter than conventional incandescent systems
- 100,000 hour LED life span with solid state technology
- Maintenance free
- High impact ABS housing & sealed polycarbonate lens
- Water and dust proof
- Supplied pre-wired with 300mm of plugged tinned copper cable & grommet
- Simple grommet mount design
- Optional chrome dress up bezel
- Retro-fits existing grommet mount lamps
- ADR/ECE approved for all functions

LED STOP/TAIL/IND/REV LAMPS

ROADVISION's BR141 Series 4" round LED signal lamps are a complete solution for the truck, bus & trailer market. Roadvision's super bright LED signal lamps deliver the durability of maintenance free LED technology and greater visibility, providing increased safety with minimum current draw. Couple this with unbreakable polycarbonate lenses and an extremely tough housing manufactured from high impact ABS, the BR141 Series will survive the toughest environments. The BR141 grommet mount signal lamps come complete with plugs & grommets and are suitable for new fitments or retrofitting of existing lamps. ROADVISION's new BR141 Series signal lamps produce more light output than incandescent lamps, whilst drawing a fraction of the current. They are dust & water proof and totally maintenance free, with a life span rated at 100,000 hours. With the ROADVISION BR141 Series, it's FIT and FORGET.
