ROADVISION's BR205 Series LED rear combination lamps are the complete 12V marine trailer solution! Featuring Stop/Tail, Indicator & Reflector functions, they are designed specifically for marine trailer applications. The smallest of the BR Series marine trailer lamps, they are designed for budget conscious 12V DC applications where space is at a premium, delivering the durability of maintenance free LED technology and greater visibility providing increased safety. Roadvision's BR205 Series combination lamps produce more light output than incandescent lamps whilst drawing a fraction of the current. Couple this with unbreakable polycarbonate lenses and an extremely tough housing manufactured from high impact ABS, these lamps are dust & water proof and totally maintenance free with a lifespan rated at 100,000hrs. With ROADVISION it's FIT & FORGET.
