

LED Combination Lamps

FEATURES

- Multi-volt 10-30V DC input & low current draw
- Brighter than conventional incandescent systems
- 100,000 hour LED life span with solid state technology
- Maintenance free
- Sealed polycarbonate lens & housing
- Water and dust proof
- Supplied pre-wired with 300mm LEDLink Connector
- Super thin 21mm housing
- Simple surface mount designs
- ADR/ECE approved for all functions

ROADVISION's BR275 Series LED combination lamps are a simple DIY vehicle/trailer lighting solution. Measuring only 21mm thick, they are designed for applications where space is at a premium, they deliver the durability of maintenance free LED technology providing greater visibility and increased safety. BR275's are designed to be easily attached to horizontal or vertical mounting surfaces with a simple surface mount design. Roadvision's BR275 Series strip combination lamps produce more light output than incandescent lamps whilst drawing a fraction of the current. Constructed with a durable polycarbonate lens and housing, these lamps are dust & water proof and totally maintenance free with a lifespan rated at 100,000hrs. With ROADVISION it's FIT & FORGET.
