

BR218 SERIES

ROADVISION™

FEATURES

- Stop/Tail, Indicator, Reverse functions
- Reflector incorporated into lens
- Smoked lens
- Multi-volt 10-30V DC input & low current draw
- 100,000HR LED lifespan with solid state technology
- Simple surface mount design
- ADR approved for all functions
- Light weight tough ABS housing & polycarbonate lens

LED COMBINATION LAMPS

ROADVISION's BR218 Series LED combination lamps are a complete all-in-one fit and forget solution. Featuring smoked lenses, built in reflector, and a simple surface mount, the BR218 Series add a touch of class to your 4x4 and are equally at home in any industrial application. Delivering the durability of maintenance free technology, they provide greater visibility for increased safety and minimum current draw. Constructed with durable polycarbonate lenses and ABS housings, the BR218 Series is designed and built to survive the toughest environments.
