

RWL1109AF SERIES

ROADVISION™

FEATURES

- RWL1109AF Series LED work lamps
- Light output 400 max lumens
- 90° Flood Beam Pattern
- Minimal insect attraction & interruption to wildlife
- Reduced glare for better visibility in adverse conditions
- Enhanced campsite ambience
- 6 x 1.5W Amber Osram LED's
- Multi-volt 10-30V DC input & super low current draw
- 50,000 hour LED lifespan with solid state technology
- Lightweight tough die-cast aluminium housing & polycarbonate lens
- Simple 2 wire installation
- Over/under voltage, reverse polarity protection & EMI/EMC radio interference approved

LED WORK LAMPS

ROADVISION's RWL1109AF Series work/rock lamps deliver uncompromising performance and energy efficiency in a compact, easily installed design. Perfect as an interior or work light and ideal for space-limited applications, these lamps are water and dustproof (IP67). They feature a robust yet lightweight die-cast housing and polycarbonate lens, ensuring worry-free operation even in challenging conditions. This series seamlessly combines high-performance durability with a maintenance-free structure. Geared for energy efficiency, they excel in rugged environments and tight spaces. Opting for amber lighting provides various advantages for outdoor activities, including reduced insect attraction, improved night vision, decreased glare, minimal disruption to wildlife, and enhanced visibility in specific weather conditions or simply an enhanced campsite ambience. ROADVISION is elevating the camping experience!

PART NUMBER

RWL1109AF
LED Work Light / Rock Light 10-30V Rectangle 6W Amber Flood Beam

SPECIFICATIONS	RWL1109AF
BEAM PATTERN	90° Flood
MAXIMUM LUMENS	400lm
INPUT VOLTAGE	10-30 VDC
MAXIMUM WATTS	6W
NUMBER OF LEDS	6 x 1.5W Osram
CURRENT DRAW @ 13.8V	0.43 Amps
MAXIMUM LUX @ 10M	1.8LX
BEAM DISTANCE @ 1 LUX	13m
LENS CONSTRUCTION	Polycarbonate
HOUSING CONSTRUCTION	Die-Cast Aluminium
WIRING	200mm Lead
DIMENSIONS AXBXC	72 x 39 x 13mm
